NEGOTIATIONS UPDATE

Negotiations continued today as the parties began to prepare package proposals to address the remaining unresolved issues, including PSMs, incremental PTO, and all the economic issues. All of the Employer's concessions remain unresolved, and it's hard to say if all, most or some of them will end up in their package proposal. Negotiations resume tomorrow at 8:30am and continue through the weekend. We expect to share our packages in the morning.

UMPNC is strongly committed to putting forward a contract that respects the value nurses bring to the U-M Health System.

If you have not "friended" UMPNC on a member-only Facebook page, it's not too late! To read all the latest Facebook news, contact Katie Oppenheim at baxtero.katie@gmail.com.

Those of you working this weekend, please continue to wear red and your buttons in support of the negotiation team. Look for our next newsbrief on Sunday night! The negotiating team thanks you for your positive feedback.

Nurses make the Difference for this Contract!
