## BREAKING NEWS!

Today MERC **DISMISSED ALL** of MNA's attempts to deny your right to vote.

It ruled that the MNA's attempts to block the election through phony unfair labor practices should not stop or slow down a vote!

MERC **ruled in UMPNC Independent's favor**. They confirmed that our petition for a representation election was valid and supported. MERC found no inconsistencies or confusion. MERC said that the MNA's attempts to block, delay, or dismiss the election are denied and the election should be promptly processed.

**It is always good to be standing on the side of union democracy! You should have an ability to vote on the direction of your union soon.**
